

29th May 2019

Methodological note for Valneva UK Transfer of Value Disclosure 2018.

Valneva UK is a travel vaccine company. Its third year of trading was 2018, within that year it marketed two Prescription Only Medicines, and one Over-the-Counter (OTC).

To assist the company, Valneva UK contracted the Chief Executive for Encephalitis Society, a UK charity, to support awareness of this misunderstood condition. Valneva UK paid a gift in kind, (in USD equivalent to £7862.03), to Ardelis Health for PR/Media work on World Encephalitis Day 2018- the Society itself did not receive this. The Chief Executive was paid £440 for a recording made in London on Japanese Encephalitis, and received a further £1775.34 honorarium and travel expenses for speaking on Valneva's behalf at the NECTM Congress in Sweden. Valneva UK paid license fees of £15000 for the use of the Encephalitis Society's Japanese Encephalitis patient videos for medical-educational purposes. A payment of an unrestricted educational grant for £30000 to the Encephalitis Society concludes all payments in 2018.

There were no further contracts undertaken in the calendar year 2018.

The Chief Executive and the Society are accountable for their own income tax.

Other transfers of value were made to several separate travel health organisations and pharmacies by Valneva UK in 2018. All transfers of value relate to the "Valneva in Partnership" joint working programme. These programmes assist pharmacies and existing travel clinics to offer a comprehensive travel service through marketing and educational support- support designed to ensure travellers seek appropriate travel health advice before travelling and that they have access to travel services when required. Details of the joint working agreements with each of the 7 organisations, [Whitworths, Day Lewis, Phoenix(Rowlands), Numark, Avicenna, Pharmavaccs, and Lindsey and Gilmour], can be found here: <https://www.valnevauk.com/transparency/>

Valneva UK has no multi-year contracts for individual external contractors. There were no over-the-counter transfers of value or medical device transfers of value for 2018. There were no further donations, grants or sponsorships made in 2018.

Yours Faithfully,

A handwritten signature in black ink, appearing to be 'AJ', is placed over a light grey rectangular background.
