## PATIENT ORGANISATION FUNDING AND SUPPORT

Valneva is committed to transparency of financial relationships with patient organisations. Patient organisations (also referred to as Patient Advisory Groups (PAGs), Healthcare Charities or Patient Groups) aim to improve the lives of people with a particular disease or medical condition. As well as supporting their activities.

Working with patient organisations can help us have a better appreciation of the specific needs of patients, and how better to support these needs.

We are required to provide details of patient organisations to which we have provided financial support, together with a description of the nature of the support engaged, including a description of the services provided. In addition, we also disclose the payment of expenses relating to accommodation and travel (both in the UK and abroad) incurred by patient organisations in the course of their interaction with us.

In 2021, Valneva UK supported the Encephalitis Society with an unrestricted grant for £50,000, to contribute to their efforts to support adults and children affected by Encephalitis, raise awareness about the condition and its subsequent problems among relevant professionals, and conduct research and work in partnership with other researchers and their establishments.

Valneva UK also acted as a sponsor for the Encephalitis Conference (sponsorship amount £2000 excl. VAT), a scientific conference organized by the Encephalitis Society, which concludes all payments in 2021.

Yours Faithfully,

**Christoph JANDL, PhD**  
Head of Medical Affairs Austria, UK & Nordics
